Pharmaceuticals) against the tenative liability of Rs. 205.36 lakhs for ths period upto 31.12.83, already communicated to it, is under consideration and the final decision will be communicated soon. The data for the subsequent period is still awaited from the company.

Duty concisions on bulk drugs arid formulations

2080. SHRIMATI SATYA BAHIN: Will the PRIME MINISTER be pleased to refer to the answer to Unstarred Question 566 given in the Rajya Sabha on the 5th September, 1991 and state:

(a) what are the names of bulk drugs or formulations where the objective has been achieved based on duty concession granted by Government during the last three years;

(b) what are the names of Bulk drugs which are being produced from Basic stage and names of imported formulations being indigenously produced after grant of duty concessions;

(c) whether duty concessions have any bearing on the price structure of price controlled and decontrolled bulk drug and formulations; and

(d) if so, what are the names of those bulk drugs and formulations where prices have been reduced linked to Custom Duty reduction effected by Government during the last three years including the current year?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN): (a) to (d) The names of bulk drugs and drug intermediates on which customs duty concessions have been given by the Ministry of Finance during the last three years are given in the customs notifications published from time to time in the official Gazette, copies of which are available in the Parliament Library. Proposals of customs duty concessions are examined in this Deptt. before sending any recommendation in this regard to Ministry of Finance. The recommendation as finally ac-' cepted by the Ministry of Finance are taken into account while fixing the price of controlled bulk drugs and formulations Major objective of duty rationalisaton i to encourage production from a mor basic stage. This reduction in duty is no linked necessarily in every case to reduc tion in prices of bulk drugs and formula tions.
